Tangal-19, Lalitpur

+977 9865466989

SUMMARY

I am a Technology Specialist with a passion for frontend development. I have a Bachelor degree in Information Management (BIM) and over 1 years of experience in building responsive and user friendly websites. I have good skills in React JS, API integration, UI design, and Figma. I enjoy learning new technologies and solving challenging problems.

EXPERIENCE

12/2022 – present

DIGI HUB – FINTECH COMPANY

Intern Hadighau, Kathmandu

- Applied JavaScript and HTML and CSS skills to create dynamic and interactive web pages.
- Utilized Design Library, JS-in-CSS, Styled-Component and other component libraries/tools to enhance the UI design and functionality.
- Used Git for version control and collaboration with other developer.
- Developed and maintained frontend applications using React JS, Hooks, and REST API.
- □ Adapted to the fast pace working environment with a can-do attitude.

CARRIER OBJECTIVES

To be a part of the firm where I can devote myself fully and joyfully give best of my talent and skill to become its strong assets. To secure further learning with the IT Domain, where I can utilize my skills and training background to the maximum.
